

**TRACK OF**  
SURGICAL

Specialized in Manufacturing

**Gynecology** Instruments

**Track of Surgical** is the specialist manufacturer of gyne surgical instruments, since 1964. For over 48 year, **Track of Surgical** has been sharpening its awareness for change, anticipates New needs and constantly improving its spectrum that's why the **Track of Surgical** is the Acknowledge world leader. We are situated in the beautiful city of Sialkot in the north of Pakistan, which is a gateway to the visitors paradise kashmir. We are involved in the Manufacturing of top quality gyne instruments and are exporting to our prestigious customers Throughout the world since many years. We manufacture instruments in a highly quality Control environment and use cnc machines under the supervision of highly qualified professionals.

We also have a fully equipped quality research lab to control the quality of instruments At each and every step. We are using top quality medical grade stainless steel to produce our high Quality products. The **Track of Surgical** are in daily use all over the world. Trusted by Countless surgeons because of their high quality of workmanship and correct patterns for all Disciplines of surgery, the knowledge & expertise are based on 38 years over many years and Guarantee that high standards are reliably maintained.

**Track of Surgical** will meet your challenge with superior services, outstanding access to Specialty products manufacturers and aggressive pricing. Our company helps you to realize top Value for your investment in specialty or instruments. We guarantee you, ll benefit from our Attention. All products the **Track of Surgical** justly lay claim to functional perfection, the highest Level of quality and ease of operation. Stringent production tests provide for flawless quality Assurance. **Track of Surgical** has had its own laboratory for many years, designed for Monitoring product quality and the products process itself. The required analysis & examinations Are carried out and recorded here. On account of these standard we received the certification on ISO 9001:2008, CE, cGMP. Note all the size of the instrument are according to catalogue of aesculap, martin Sklar, downs, miltex, etc.

We can supply the instruments exactly according to the above catalogues. Quality assurance dose Not just mean testing, as for as we concerned, but also the organization of the production Process with. The customers in mind. The costumers & his expectations of our quality and our Organization are our main concern . The management is strictly following the policy of not employing Child labor in keeping with moral and international laws most importantly we know how important Your job is and our goal is to help make you more effective & efficient. A buyer empowered by Knowledge is a buyer we want to know . We are eager to serve your esteemed and prestigious Organization on the basis of our best quality products, very reasonable prices, just in time delivery And excellent services, which are also the hallmark of our organization. We are manufacturing, Instruments as per specification and drawing provided by the buyers.

# Manufacturing Unit

**Titanium Rainbow Tischlers**

Bite Size: 7mm x 3mm

**Titanium Rainbow Mini-Tischlers**

Bite Size: 4.2mm x 2.3mm

## TOS - 788

### Titanium Blue Rotating Kevorkian Tischler with Gold Handle

Bite size: 8mm x 3mm

- Shaft/tip can be rotated up to 360 then locked
- Shaft/tip assembly is interchangeable
- Lower cost alternative to individual biopsy punches
- Working Length 21cm

## TOS - 789

### Titanium Blue Tischler with Gold Handle

Bite size: 7mm x 3mm

- Exclusive Titanium TiO coating is hard than ordinary stainless steel
- Cutting edge will stay sharp longer
- Double-spring handle
- Two working lengths: 20cm or 25 cm

## TOS - 790

### Ceramix Coating Mini-Tischler with Gold Handle

Bite size: 4.2mm x 2.3mm

- Exclusive Ceramix coating is hard than ordinary stainless steel
- Cutting edge will stay sharp longer
- Double-spring handle
- Two working lengths: 20cm or 25 cm

#### Available in:

Medium-Tischler, Punch	Tischler, Straight	Tischler, Up	Tischler, Down
Mini-Tischler, Down	Mini-Tischler, Up	Mini-Tischler, Straight	
Apex	Kevorkian	Oval	

## TOS - 791

### Ceramix Coating Oval Tischler with Gold Handle

● Bite size: 5mm x 3mm

- Exclusive Ceramix coating is hard than ordinary stainless steel
- Cutting edge will stay sharp longer
- Ergonomically designed to reduce friction in the moving parts
- Slightly wider handle to accommodate differences in grip sizes
- Single-spring handle
- Two working lengths: 20cm or 25 cm
- Tip Locking Tab
- Patent Pending

## TOS - 792

### Ceramix Coating Tischler with Gold Handle

● Bite size: 7mm x 3mm

- Exclusive Ceramix coating is hard than ordinary stainless steel
- Cutting edge will stay sharp longer
- Ergonomically designed to reduce friction in the moving parts
- Double-spring handle
- Two working lengths: 20cm or 25 cm
- Tip Locking Tab
- Patent Pending

**TOS - 793**  
Kevorkain Ring Handle

Bite size: 9mm x 3mm

- Traditional Kevorkain bite
- Four teeth on bottom jaw
- Working Length 25cm

**TOS - 794**  
Sullivan Ring Handle

Bite size: 4mm x 2mm

- Excellent for stenotic cervix
- Working Length: 24cm
- Small handle
- Mini tip

**TOS - 795**  
Kevorkian Tischler with Gold Handle

Bite size: 8mm x 3mm

- Cutting edge will stay sharp longer
- Ergonomically designed to reduce friction in the moving parts
- Slightly wider handle to accommodate differences in grip sizes
- Single-spring handle
- Two working lengths: 20cm or 25 cm
- Tip Locking Tab

**TOS - 796**  
Tischler with Gold Handle

Bite size: 7mm x 3mm

- Cutting edge will stay sharp longer
- Double-spring handle
- Two working lengths: 20cm or 25 cm
- Tip Locking Tab

Available in:

Tischler, Down

Tischler, Up  
Mini-Tischler, Straight

**TOS - 797**  
Medium Tischler

● Bite size: 5mm x 3mm

- Two lengths: Standard 20cm and Extra-Long 25cm
- Single anchoring tooth on top and bottom jaw
- Less invasive bite than standard Tischler
- Top Locking Tab

**TOS - 798**  
Apex Biopsy Punch

▲ Bite size: 7mm x 3mm

- Two lengths: Standard 20cm and Extra-Long 25cm
- V-shaped anchoring jaw on top and bottom
- Single anchoring tooth on top and bottom jaw
- Top Locking Tab

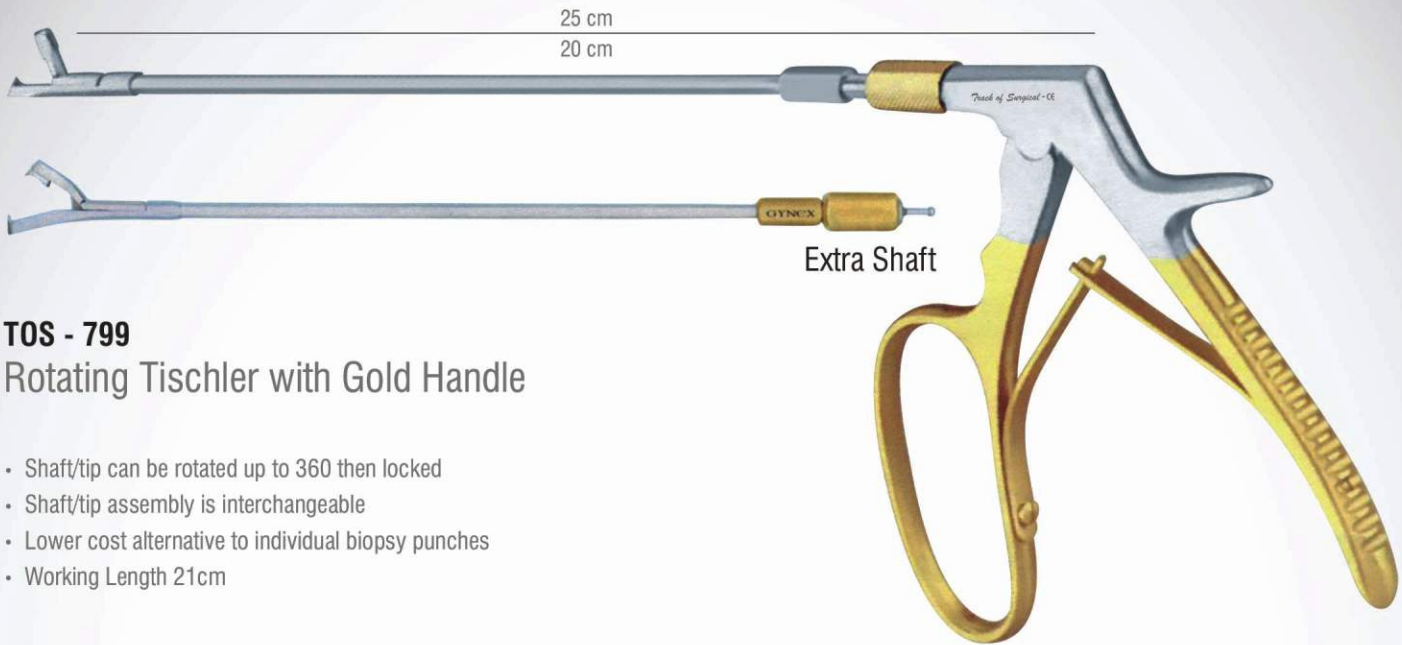

**TOS - 798 - A**  
Eppendorfer

▲ Bite size: 7.4mm x 3.9mm
